The funeral of Mr. Adam Blumer, who died in this city on Thursday of last week, took place Saturday morning from the Presbyterian church, the services being conducted by the pastor, Rev. J. C. Watt, D. D., assisted by Revs. N. R. Stone and B. F. Jones of the Baptist and Methodist churches respectively.

The services, though marked in their simplicity, were most impressive. Dr. Watt, in the course of his remarks, paid many beautiful tributes to the life and character of Mr. Blumer, which at times were of a very touching nature. Many times during the course of Dr. Watt's talk, tears were caused to fall from those who had assembled to pay their final respects to this departed soul.

At the conclusion of the services at the church, the members of the Masonic fraternity, of which Mr. Blumer had for more than fifty years been a faithful and consistent member, took charge of the casket and bore it to the waiting hearse and thence to the Griffin cemetery, where the body was placed in its final resting place beside that of other loved ones who had long ago gone to meet their Creator.

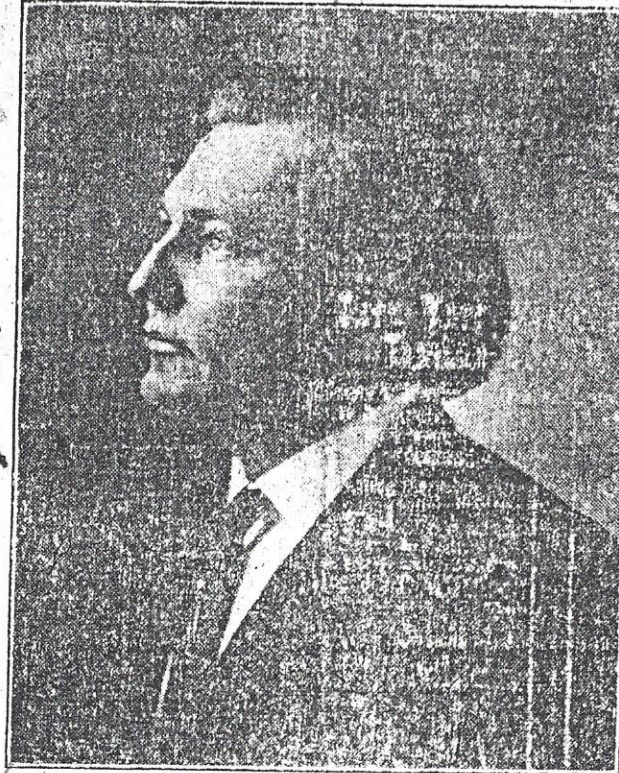

The floral tributes which were sent from far and near relatives and friends to mark their esteem and love for Mr. Blumer, were numerous and beautiful.

Among those from out of town who came to attend the funeral were Mr. and Mrs. J. J. McIntosh, Chicora; Mr. and Mrs. Fritz Lienhard, Handsboro; Mr. Richard McCarthy, New Orleans; Mr. Fritz Salmen, Slidell, La.; Mr. E. M. Walker, Biloxi; Mr. H. D. Cudabac, Ocean Springs; Mr. J. E. McHigh, Mobile; Mr. D. E. Morris, Gulfport; Mrs. J. J. Harry and Miss Nona Harry Handsboro; Mrs. W. K. M. Dukate, Biloxi; Capt. and Mrs. Fritz Lienhard, Handsboro; Mrs. James Cox, Atmore, Ala.; Miss Isabel Lienhard, Clarksdale.

Mr. Colmer will elaborate at any length upon his life and the splendid qualifications which he possesses, for we all know him to be a solid, substantial citizen—a man who always goes his full length for every move and enterprise which is calculated to promote and better the affairs of the county.

Mr. Colmer was selected our supervisor four years ago without

CANDIDATE FOR GOVERNOR

HON. MARION W. REILY

Hon. Marion W. Reily will address the voters of this city and vicinity at the Hippodrome on next Tuesday morning, March 16th, at 10:30 o'clock, and every one is extended a most cordial invitation to come out and hear this distinguished candidate for governor.

This will be Judge Reily's first appearance in Jackson county; and, while it is unfortunate that the speaking is to take place in the forenoon, there is sure to be a large crowd on hand when this candidate begins his address.

Mr. Reily is making the race for governor solely on his own merits, and not on the demerits of any of the other numerous candidates who are in the race.

Judge Reily has for the past several months been engaged in a most aggressive campaign, speaking on an average of about twice a day. For the next several weeks his campaign will be waged in the southern portion of the state, a part of which territory he has not before spoken in.

If press dispatches are to be taken for anything, Mr. Reily has made a most favorable impression where ever he has spoken.

In coming to Moss Point, Mr. Reily will find himself, of course, among strangers, but it will not take him long to learn that he has numerous supporters in this section of the state.

Board of Supervisors.

Report of sheriff relative to prisoners received during February received and approved.

Report of convict foreman for month of February approved.

Report of supt. of education for month of February received and approved.

For Circuit Clerk.

The Advertiser's announcement column is augmented this week by the name of W. C. (Bill) Havens, who aspires for re-election to the office of Circuit clerk of this county.

Bill is well known and recognized as one of Jackson county's best citizens, who by sheer force of pluck and enterprise has forged his way to the front. While in his early youth he did not have the advantages that some young men have, he has gone ahead and is what you might term a self made man, and did a good job.

Four years ago Mr. Havens was elected Circuit clerk of this county; upon entering the office, Bill at once began to study the affairs of the office and it was not long until he had thoroughly familiarized himself with the duties thereof.

That he has "made good" as an officer is well recognized by all who have had dealings in his department at the court house. He is a worthy example of Christian young manhood, of lofty character, strict sobriety, loyal to duty, courteous and obliging at all times. He is well worthy of the office he now holds, and with the experience he has had in carrying out the duties, he is especially fitted for the place.

We have serious doubt if there is another person in this county more competent to serve this county as Circuit clerk than the present incumbent, Bill Havens.

He merits the confidence and esteem of all good people; and a vote cast for him next August will not be misplaced.

University Weekly Letter.

THE NEED OF GOOD LIGHTING
(By W. L. Kennon, Ph. D., Prof. of Physics and Astronomy.)

The question is often asked, "Does electric lighting pay?" Whether or not, electric lighting proves a profitable investment depends on the manner in which this light is employed. It is certainly true that the public wastes many millions of dollars annually by ignoring some of the simplest principles of efficient illumination. Given an adequate candle power we may have either bad illumination or good illumination.

Bad illumination may result from placing an adequate light in the wrong place. It may be located poorly for illuminating the area it is intended to illuminate, or it may be located so as to interfere with the eye viewing comfortably the illuminated area. Lights should not be placed so as to shine directly into the eyes. Both of these undesirable results may be accomplished by the practice of placing a bright unshaded light in a room with dark walls. Dark wall paper and dark wood finish require four times the candle power required for light walls, and then the problem of illuminating is only partly solved.

Bad illumination may result from the improper distribution and diffusion of light. A single bright source of light without globe causes dark shadows about the room and makes the contrast of light and shadow unpleasant and on account of the undue tax placed on the eye to discriminate objects in the shadow while the pupil is contracted, for the brighter illumination.

Even where a strong local illumination is provided for a special purpose, as, for example, the use of a table lamp with a shade or reflector for reading or sewing, there should also be a good general illumination about the room. This general illumination may best be secured with an

Death of Mr. Adam Blumer.

This city has been deprived of another good citizen in the death of Mr. Adam Blumer, who died at his home in this city (Thursday) morning at 8:25 o'clock.

Mr. Blumer was born in Bilten, Switzerland, on January 3, 1839. He left his native home at the age of 14 years, and came to this country, landing at Biloxi, where he worked until the Civil War. He enlisted in the Confederate army, and at the close of the war went to work as a machinist in the shops at Whistler, Ala.

In 1865, he was married to Miss Amelia Meek, who preceded him to the grave on December 5, 1901.

In 1866 he moved to Hardsboro, Miss., where he resided for a number of years; and in 1872 moved to this city and engaged in the foundry and mercantile business.

Mr. Adam Blumer
Who Died Thursday.

Despite Mr. Blumer's advanced age of 76 years, he has at all times been actively engaged in directing the affairs of his business which has proven such a successful venture.

Mr. Blumer has been a man

Barelli-Turci Opera Company

Lovers of music and playgoers who heard the Barelli-Turci Opera Company at the Hippodrome last fall, will be delighted to know that those exponents of famous operas and ballads will again pay Moss Point a visit, and will be at the Hippodrome Saturday night.

The company consists of four members, and each one has been connected with some of the big opera companies touring the country. Their work is meeting with the highest praise at all places they have entertained, being taken from such famous operas as Faust, Traviata, Lucia and Carmen. As instrumentalists they rank as the best ever to visit this section. Mr. Barelli has notified the Hippodrome manager that he has added to his repertoire some of the more popular English ballads, which should certainly be a pleasure to the lovers of those songs.

In conjunction with the opera company, five reels of pictures will be shown: "Trey O' Hearts" in two reels, "Perils of Pauline" in two reels, and a one reel comedy. The admission will be 25 and 10 cents, and the show will start promptly at 7:30.

Murray-Gibson.

A very quiet wedding was solemnized at the Baptist parsonage on Wednesday evening at 7 o'clock when Mr. J. M. Murray and Miss Mable Gibson, both of this city, were married by Rev. N. R. Stone.

The ceremony was performed in the presence of a few intimate friends of the contracting parties. Mr. and Mrs. Murray will continue to make this city their home.

We are ready at all times to submit samples of Job work. Give us a trial order and you will call again.

for the brighter illumination. Even where a strong local illumination is provided for a special purpose, as, for example, the use of a table lamp with a shade or reflector for reading or sewing, there should also be a good general illumination about the room. This general illumination may best be secured with an opal or ground glass globe over the lamp. Although globes absorb fifteen or twenty per cent of the light, one should not attempt to save on light at the expense of the eye. The test of good illumination is that it enables the eye to see comfortably.

In the home, school, office, shop, wherever people, especially children are required to apply the eye closely, they have a right to demand eye comfort which can only result from good lighting arrangements. Bad illumination often costs as much or more than good illumination, besides is responsible for inefficient work, discomfort, even pain and permanent injury to the eyes.

Commercially, good illumination attracts customers and promotes efficiency on the part of the employees. Good illumination promotes good health. A few bright lights in dark corners and passageways will often emphasize the need of sanitation and house-cleaning more strikingly than the study of long treatises on the subject.

Bad illumination costs; good illumination pays.

Death of an Infant.

The friends of Mr. and Mrs. Henry Ford, of this city, deeply sympathize with them in the loss they have sustained through the death of their infant son, which occurred on last Sunday.

The little fellow was fourteen months of age, and had been ill but a few days.

Get your Job Printing at this office.

Who Died Thursday.

Despite Mr. Blumer's advanced age of 76 years, he has at all times been actively engaged in directing the affairs of his business which has proven such a successful venture.

Mr. Blumer has been a man whose fortune it was to enjoy good health the greater part of his life. Several months ago, though, he suffered a spell of sickness, and this proven the beginning of the end of his long career of usefulness. He took several trips away from here in hopes of regaining his health, his friends and loved ones were buoyed up for the time with the news that he was improving. It was last Sunday that he became suddenly worse, and, after that, no hopes were entertained for his recovery.

Although devoting much of his time to his business ventures, Mr. Blumer never forgot the finer gentle things of life. He was devoted to his family, and true to his friends. He was a devoted member of the Presbyterian church. For more than fifty years he has been an active member of the Masonic Lodge: it was only last September that the order honored him with a banquet on the anniversary of his fiftieth year as a Mason.

Mr. Blumer is survived by a daughter, Mrs. R. L. Head; also four sons, Messrs. J. H., P. E., John F. P. Blumer and Lienhard Blumer of this city, besides numerous other relatives.

The arrangements for the funeral at this writing have not been fully completed, but the services will be held from the Presbyterian church 9:30 Saturday morning; the interment will take place at the Griffin Cemetery and will be conducted by the Masonic Lodge.

Mr. Blumer was widely known throughout the county and along the coast, his business connections having extended to many

FIFTY YEARS A MASTER MASON

Masons Commemorate Mr. Adam Blumer's Fiftieth Anniversary as Master Mason.

An event of unusual interest to the Masonic fraternity was the reception and banquet last Tuesday night by Pascagoula Lodge No. 202 Free and Accepted Masons in honor of its oldest member, Mr. Adam Blumer, who on Sept. 15th, 1864, a half century ago, was raised to the Sublime Degree of Master Mason thirty-seven years of which he has served Pascagoula Lodge No. 202 as its treasurer.

An unusual feature of the occasion was the filling of the principal stations in the lodge by the four sons of this worthy brother, all of whom it has been this brother's pleasured to assist in making Masons.

Mr. John F. P. Blumer, Past Master, occupied the Master's chair, and after the usual ceremony, the lodge was called to refreshment, and Mr. C. H. Wood, Master of Ceremonies, assumed charge.

ADAM BLUMER,
Fifty Years a Mason

A delightful banquet of four courses was served, interspersed with 10-minute talks by Mr. John J. McIntosh, Past Master, and Mr. Geo. W. O'Neill, Past Master of Pascagoula Lodge No. 202, Mr. McVea Young, Worshipful Master of Gulf Lodge No. 419, and Dr. B. F. Jones of Gloster Lodge No. 399, an invocation having been previously been made by Dr. J. C. Watt of Goodale Lodge No. 372, Columbus, Ohio.

Masons from seven states and the Dominion of Canada were present, Grand Bay, Ala., and Gulf Lodge of Pascagoula sending large delegations.

Credit is especially due the daughter and daughters-in-law

ACQUITTED OF MURDER CHARGE

No Evidence to Show that W. M. Jernigan Drowned His Wife in Black Creek.

W. W. Jernigan, who has been detained in the county jail at Pascagoula for several weeks on the charge of having drowned his wife, was given a hearing on last Saturday before Magistrates C. E. Chidsey of Pascagoula, and J. J. Cunningham of this place, the preliminary hearing being held at Helena, which place is near where the alleged crime took place.

Quite a number of witnesses were placed on the stand, but the testimony adducted failed to incriminate the accused. The magistrates, after carefully going over the evidence, ordered Jernigan discharged from custody.

The crime with which Jernigan was charged, that of drowning his wife, occurred on July 18th, when the boat in which the accused and his wife and little son were riding overturned, and the woman, being unable to swim, drowned. The stream where the accident occurred was not more than thirty feet wide.

It was not until several days after the drowning that talk of foul play began to be noised about. Jernigan was arrested in Lucedale and returned to Pascagoula, where he has been since his arrest.

Mr. John F. P. Blumer, Past Master, occupied the Master's chair, and after the usual ceremony, the lodge was called to refreshment, and Mr. C. H. Wood, Master of Ceremonies, assumed charge.

ADAM BLUMER.
Fifty Years a Mason

A delightful banquet of four courses was served, interspersed with 10-minute talks by Mr. John J. McIntosh, Past Master, and Mr. Geo. W. O'Neill, Past Master of Pascagoula Lodge No. 202. Mr. McVea Young, Worshipful Master of Gulf Lodge No. 419, and Dr. B. F. Jones of Gloucester Lodge No. 399, an invocation having been previously been made by Dr. J. C. Watt of Goodale Lodge No. 372, Columbus, Ohio.

Masons from seven states and the Dominion of Canada were present, Grand Bay, Ala., and Gulf Lodge of Pascagoula sending large delegations.

Credit is especially due the daughter and daughters-in-law of the guest of honor, Mesdames R. L. Head, J. H. Blumer, P. E. Blumer, John F. P. Blumer and Lienhard Blumer, for their invaluable services in preparing and serving refreshments.

A pleasing souvenir of the occasion was presented to each one containing in addition to the menu and program a splendid portrait of the guest and a brief record of his Masonic life.

AT THE HIPPODROME

Balance of this Week.

THURSDAY — "Across the Atlantic," drama in 3 reels, featuring King Baggot.

FRIDAY — "Dead Men's Tales," 3 reels.

SATURDAY — "The Baited Trap," 2 reels. Miss Pretty and King Baggot. "Sophia of the Films," series 2.

was charged, that of drowning his wife, occurred on July 18th, when the boat in which the accused and his wife and little son were riding overturned, and the woman, being unable to swim, drowned. The stream where the accident occurred was not more than thirty feet wide.

It was not until several days after the drowning that talk of foul play began to be noised about. Jernigan was arrested in Lucedale and returned to Pascagoula, where he has been since his arrest.

No. 8593.

REPORT OF THE CONDITION OF THE Pascagoula National Bank,
